The following presentation is a test of using coloured light to illuminate the sculptures at the Snow Sculpture Festival in Grönklitt. The result will be used at next years festival. If you visit Grönklitt now you will not find this illumination. The test was made by Jordi Arkö & Anders Björklund

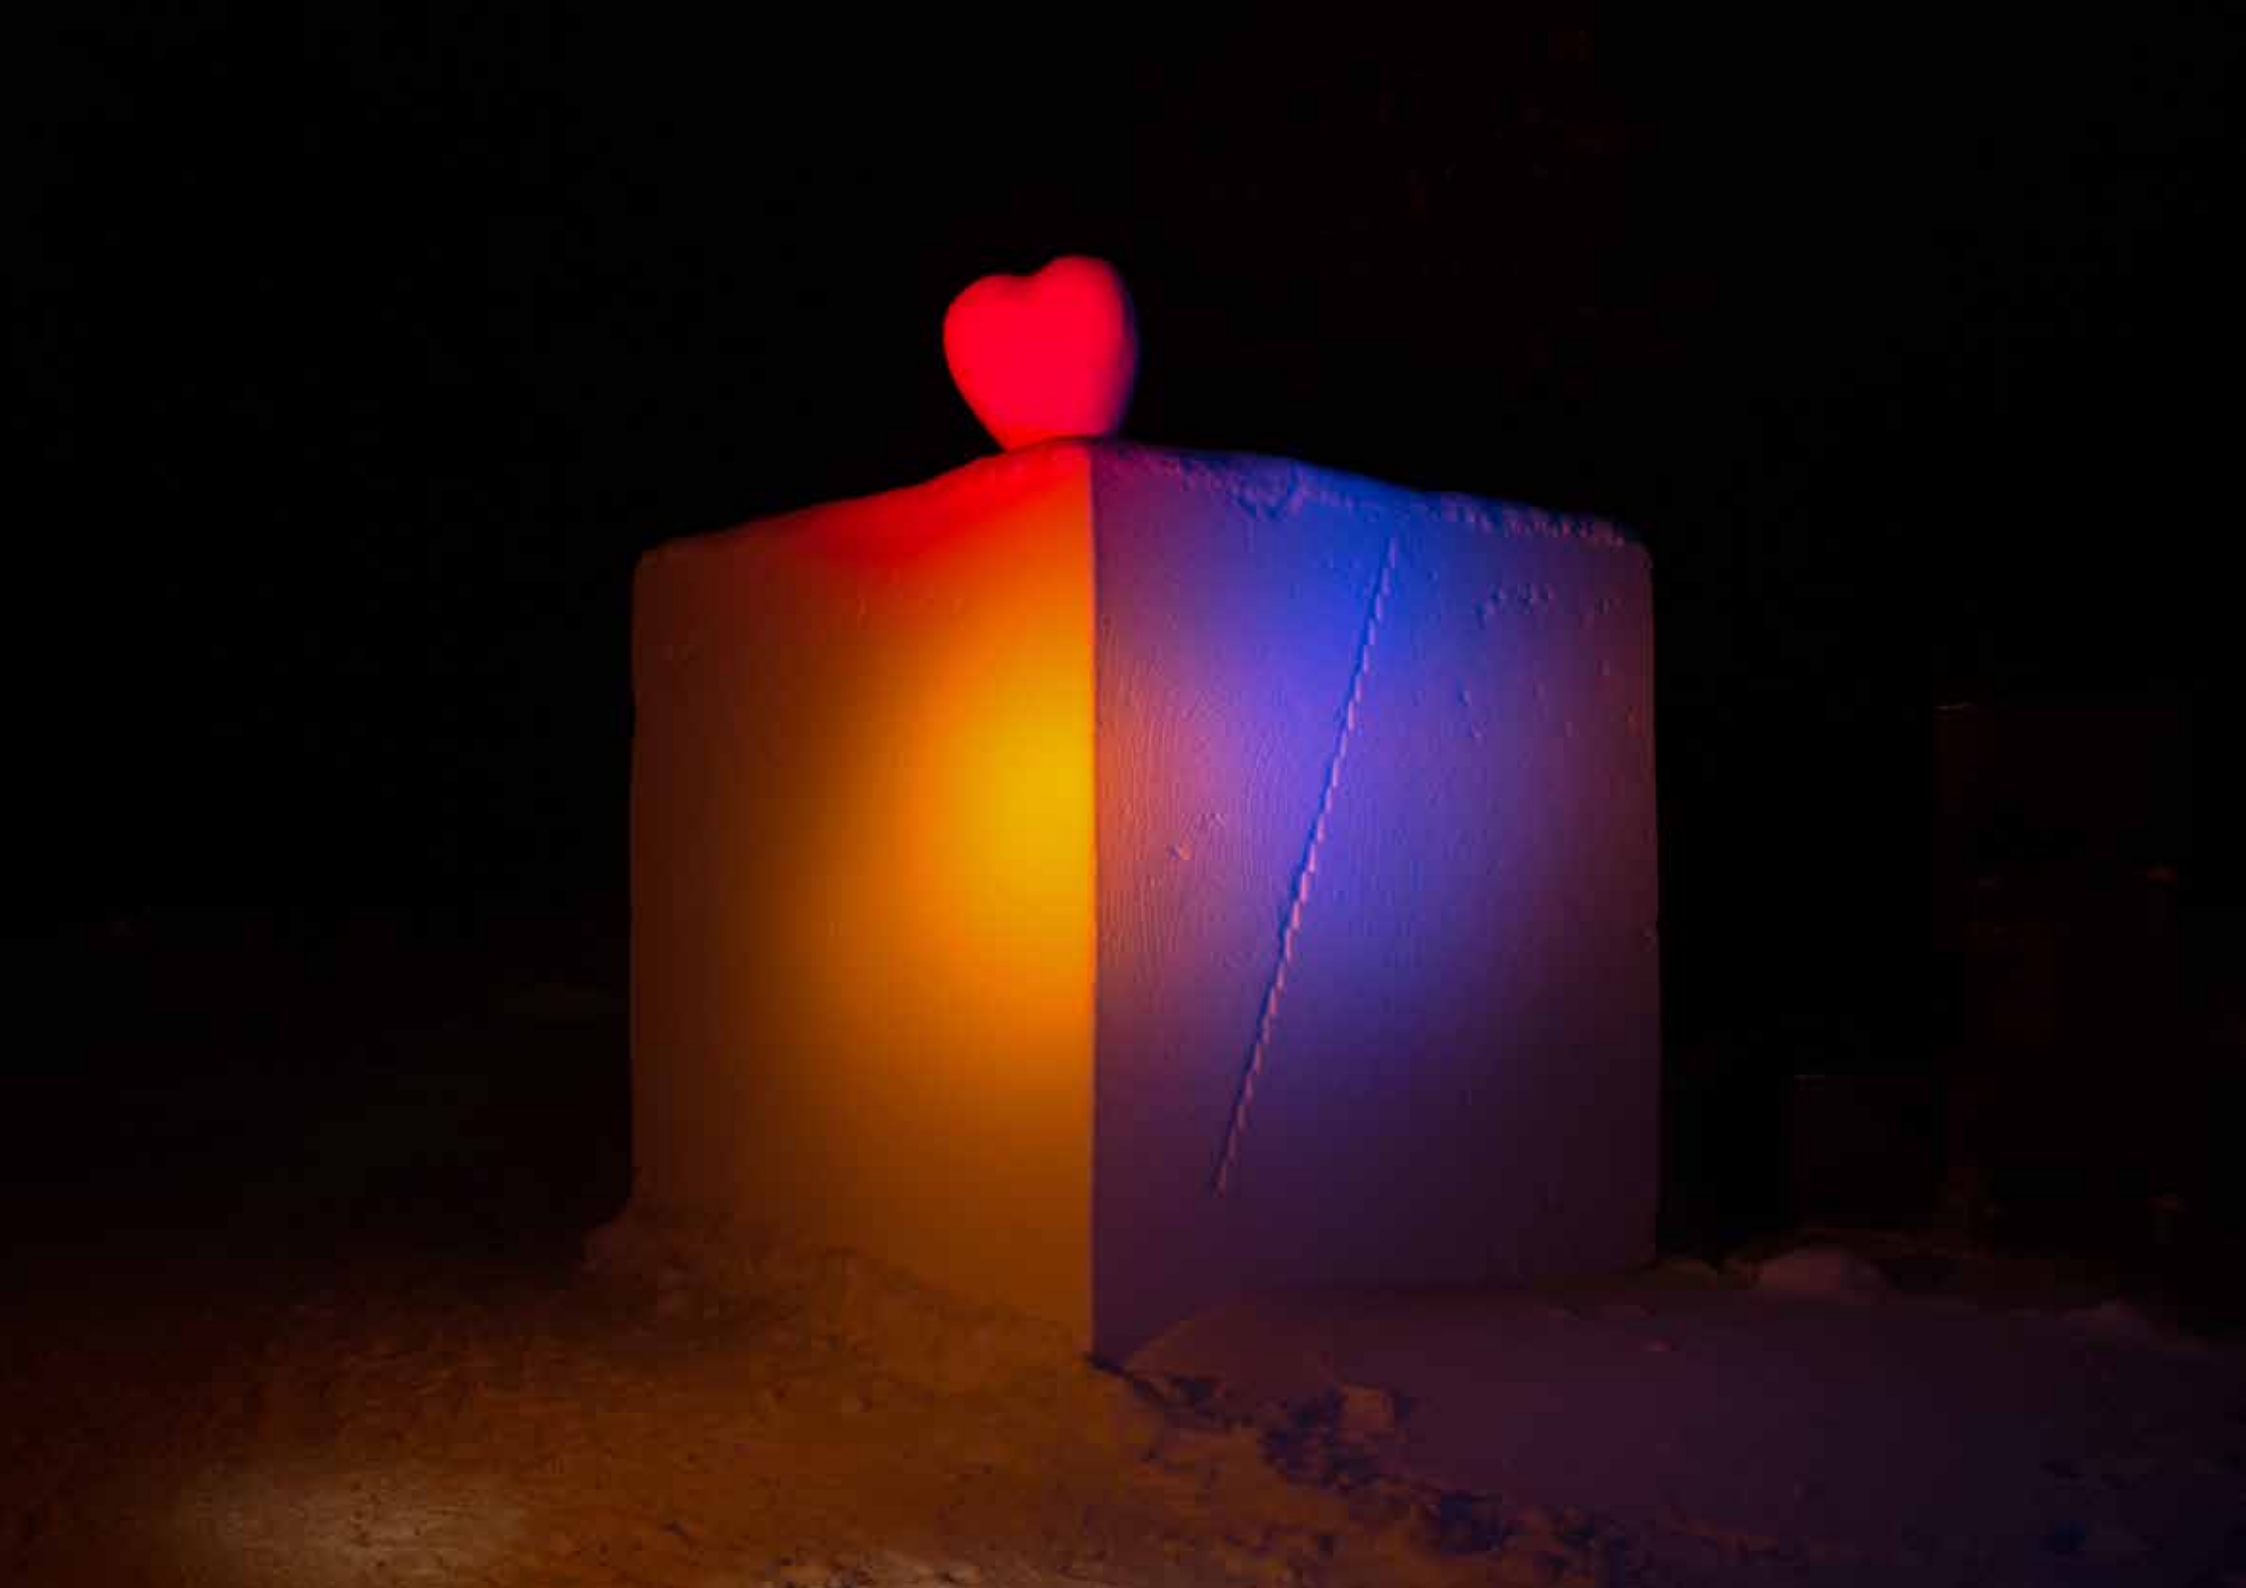

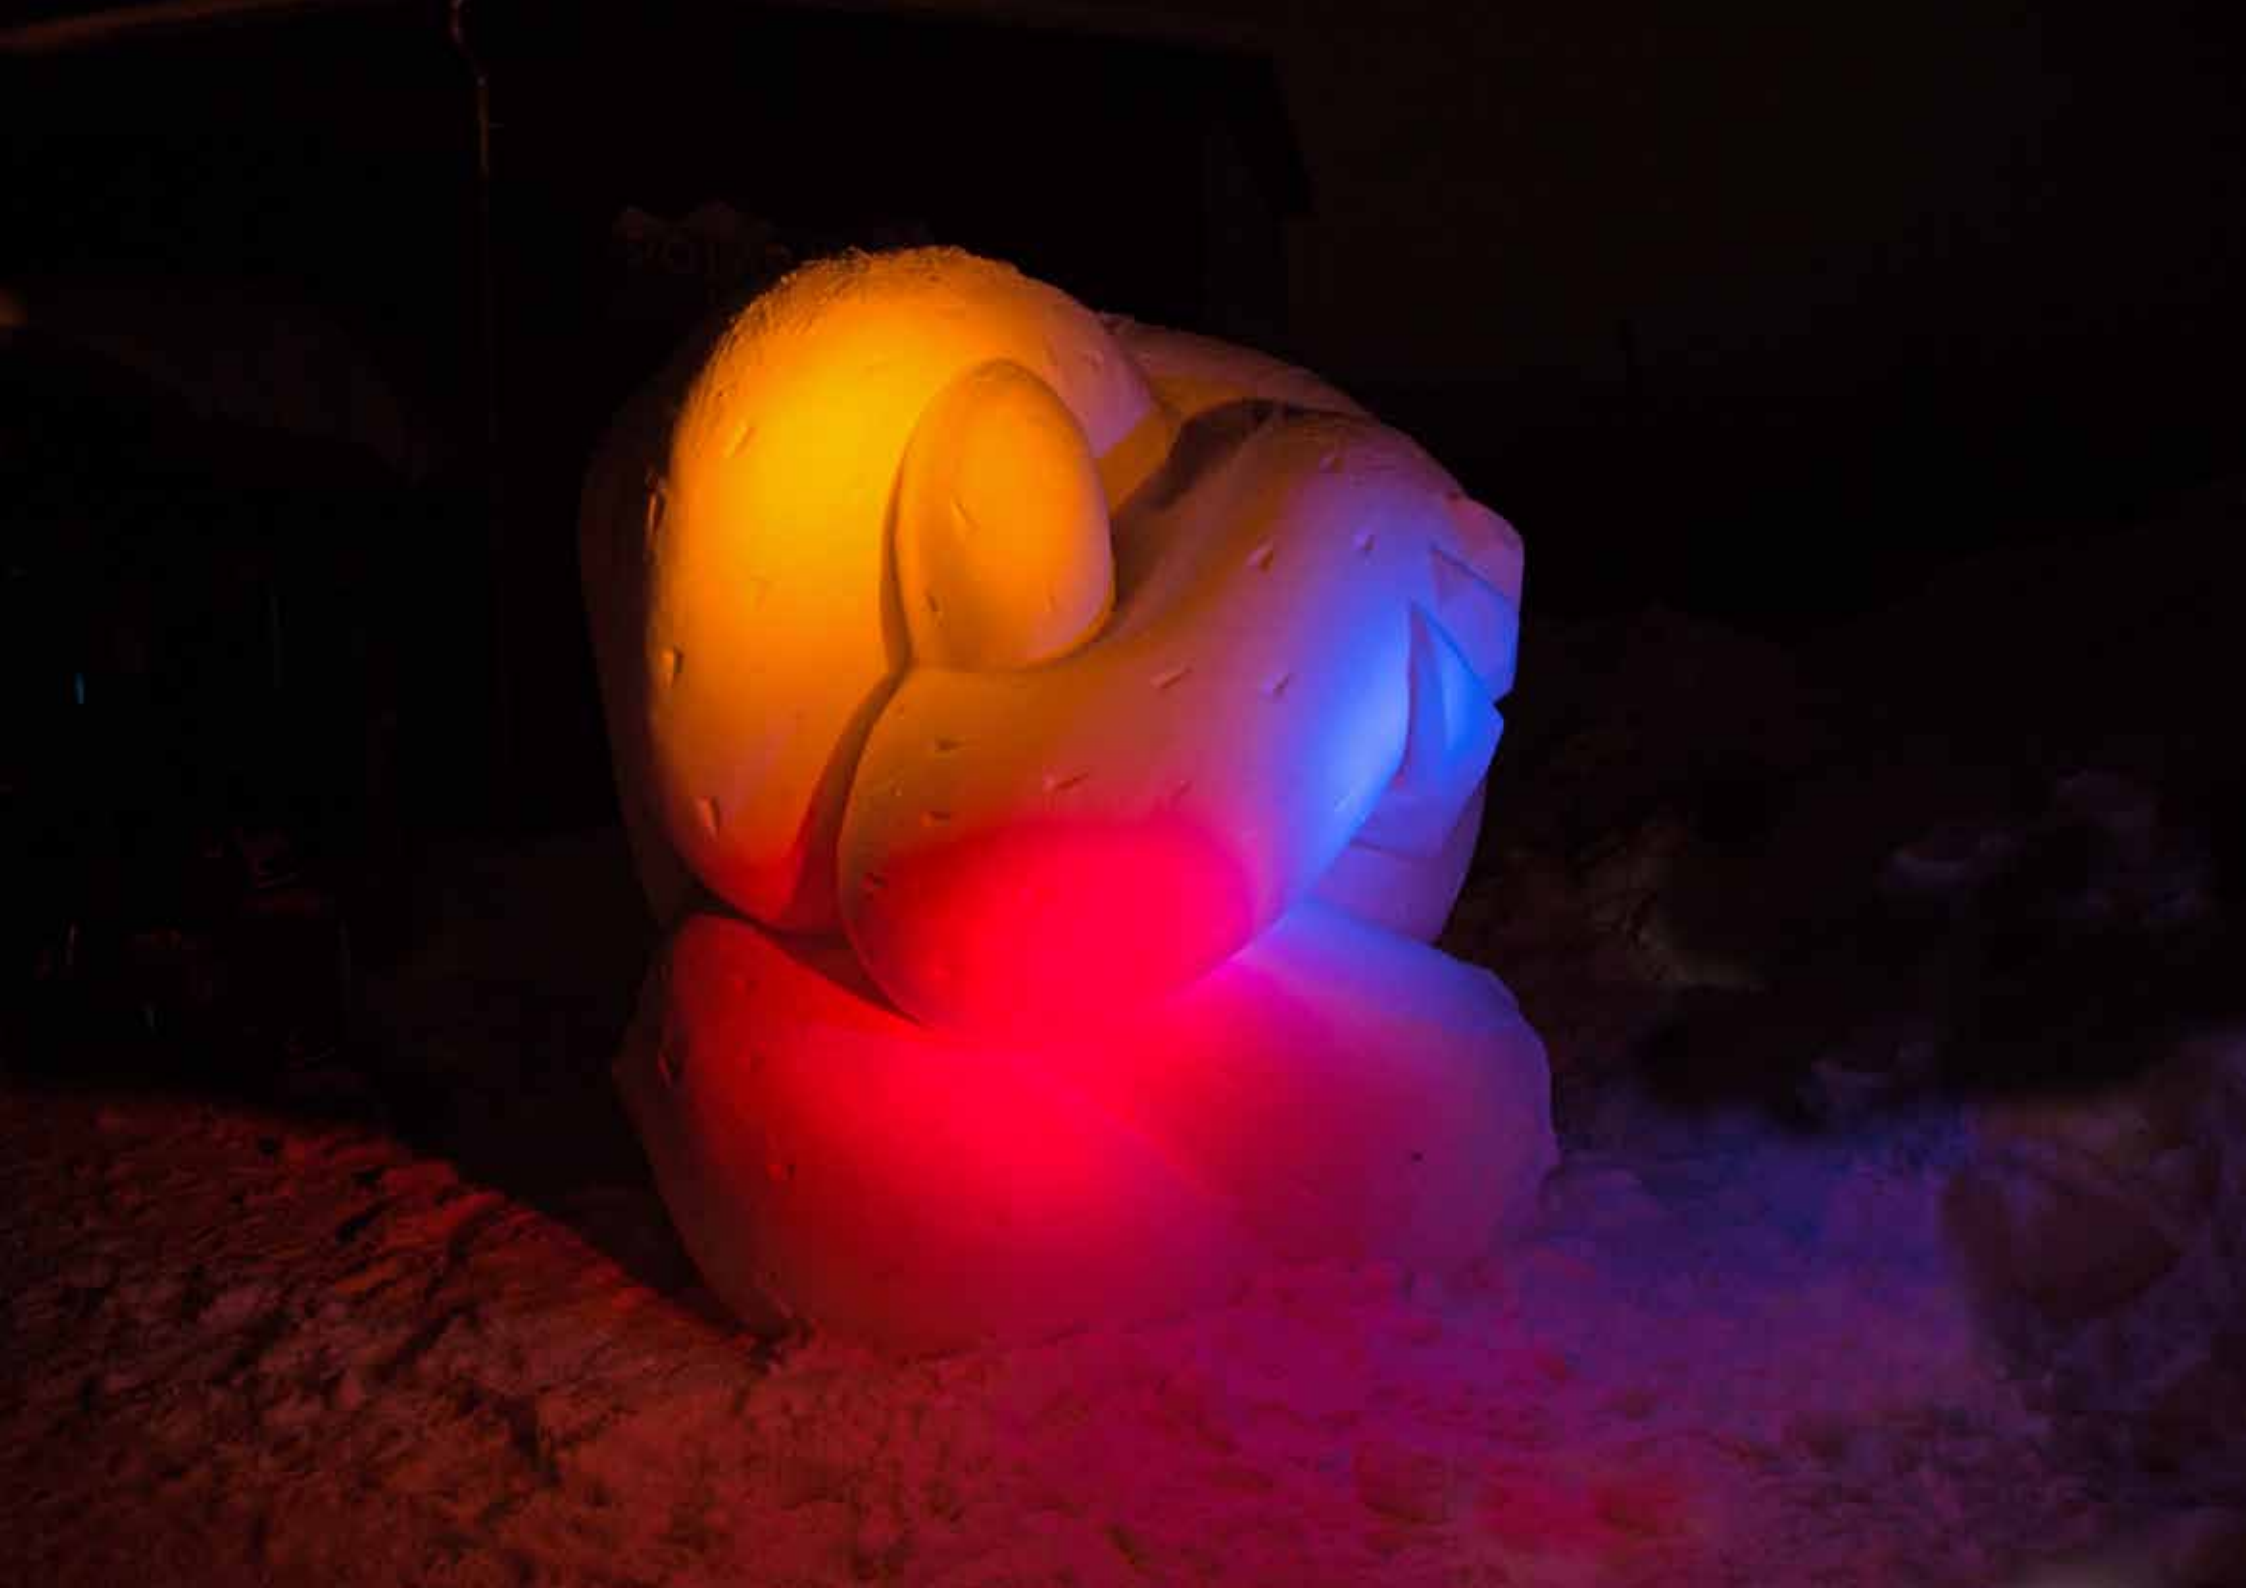

Snow Sculpture Festival 2014 in Grönklitt

We hope that the result of the presented test putting coloured light on the sculptures could be useful at next years festival.

If you visit Grönklitt now you will not find this illumination.

The test was made by Jordi Arkö & Anders Björklund
